

69203 - Integrated Urban and landscape Projects

Información del Plan Docente

Academic Year	2016/17
Academic center	110 - Escuela de Ingeniería y Arquitectura
Degree	519 - Master's in Architecture
ECTS	6.0
Course	1
Period	First semester
Subject Type	Compulsory
Module	---

1.Basic info

1.1.Recommendations to take this course

1.2.Activities and key dates for the course

2.Initiation

2.1.Learning outcomes that define the subject

2.2.Introduction

3.Context and competences

3.1.Goals

3.2.Context and meaning of the subject in the degree

3.3.Competences

3.4.Importance of learning outcomes

4.Evaluation

5.Activities and resources

5.1.General methodological presentation

The learning process designed is based on:

This topic has a theoretical part, which introduces knowledge about urban regeneration forms, traditions, works and instruments.

At the same time, it is developed practical activities, where students develop a coordinate project between Urbanization Projects and Urban Management. The exercises develop during the semester enable continuous evaluation.

69203 - Integrated Urban and landscape Projects
