Universidad Zaragoza

61129 - Master's Dissertation

Academic Year	2017/18
Faculty / School	
Degree	
ECTS	12.0
Year	---
Semester	Annual
Subject Type	
Module	---

1.General information

1.1.Introduction

1.2.Recommendations to take this course

1.3.Context and importance of this course in the degree

1.4.Activities and key dates

2.Learning goals

2.1.Learning goals

2.2.Importance of learning goals

3.Aims of the course and competences

3.1.Aims of the course

3.2.Competences

4.Assessment (1st and 2nd call)

4.1.Assessment tasks (description of tasks, marking system and assessment criteria)

5.Methodology, learning tasks, syllabus and resources

5.1.Methodological overview

The methodology followed in this course is oriented towards achievement of the learning objectives. Its theoretical and applied orientation favors the acquisition of scientific knowledge and research-related skills in the gerontological field.

5.2.Learning tasks

61129 - Master's Dissertation

The course includes the following learning tasks:

- Master's Dissertation. Design and implementation of a research project. The student prepares the project, which includes information search, data analysis, further reading and writing.
- Tutorials. Direct attention to the student. Identification of learning problems. Monitoring and mentoring of research.
- Presentation and defense of the research work to a university examining board, which is formed by three PhD professors from the University of Zaragoza.

5.3.Syllabus

5.4.Course planning and calendar

There will be three annual calls (June, September and December).
